DETAILED ACTION

1. The amendment filed on 8/1/2007 has been fully considered and made of record.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. **Claims 1-6** are rejected under 35 U.S.C. 102(b) as being anticipated by Li (US5942466 to Li et al.).

See the Office Action mailed on 5/4/2007. The rejection still applies to the claims as amended and is maintained.

Response to Arguments

4. Applicant's arguments filed 8/1/2007 have been fully considered but they are not persuasive. Applicant argues that Li does not disclose non-superconducting phases containing Pb, nor a ratio of non-superconducting phases to superconducting phases of 5 wt% or less. The examiner respectfully disagrees. In particular, Li discloses wanting to minimize the quantity of non-superconducting phases containing Pb (see col. 9, lns. 35-59, especially lns. 35-40 and 48-59), and discloses insignificant amounts of Ca_2PbO_4 for a temperature of 750 degrees C and 0.01 atm (see col. 10, lns. 55-67). This certainly meets the limitation of having a ratio of non-superconducting phases to superconducting phases of between 0 and 5 wt%, even if there are no superconducting phases containing Pb (i.e. corresponding to a ratio of 0), though Li suggests very small quantities of Pb-containing non-superconducting phases. Therefore the rejection is maintained.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
